

Breast Enlargement – Sandra’s Story

“The operation has made such a big difference to my life. I’m much more confident!”

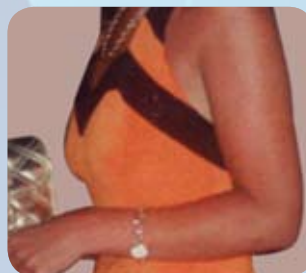

Sandra Hunt, 50 from Nottingham

After having children, pregnancy had definitely taken its toll on my body - especially my breasts. No matter how much I went to gym and dieted, it never had any effect on my sagging breasts. When I reached the age of 45 in 2002, I decided to go for a breast enlargement operation with Transform.

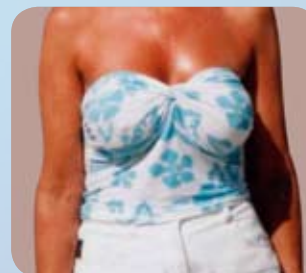

For my original consultation, I attended operation and put my mind completely at ease.

I went from a 34B to 32FF/G. The operation has made such a big difference to my life. I’m much more confident and love shopping for new fashionable clothes. I wish I’d had the op earlier!

I was so pleased with the results that my two daughters have gone on to have breast enlargement operations with Transform too. I’ve also recommended quite a few of my close friends.
